44th New Drugs China

June 26– 28, 2009

Binhai International Convention
& Exhibition Centre

The Pharmaceutical Technology Licensing Partnership Conference

As one of the important specialized events of BioEco 2009 & The 44rd New Drugs China, The Pharmaceutical Technology Licensing Partnership Conference is held specifically by China Pharmaceutical Technology Transfer Center(CPTTC).

The activities of technology licensing partnership including as follows

- Technology Transfer ■ Technology Licensing ■ Technology Development
- Technology Merger ■ Technology Investment

We will organize a variety of events during the conference in order to promote the pharmaceutical technology collaboration.

---The Technology Transfer Partnership Conference for Pharmaceutical Companies

It is designed to contract with about 10 competitive pharmaceutical companies to implement technology transfer or technology development project, focusing on specified technology demand project.

---The Technology Licensing Partnership Conference for Multinational Companies

It is designed to contract with about 5 multinational companies to explore the approaches and methods on pharmaceutical technology licensing in or out.

---Technology (Product) Merger, Investment and Financing Partnership Conference

It is designed to contract with about 10 large pharmaceutical enterprises and bio–medicine investment organizations to implement the technology (product) merger ,investment and financing activities according as the specified project demand

Please contact us if any domestic and overseas pharmaceutical companies have the above–mentioned demands.
